Re: GIB AUTOMATION PTE LTD

This is to certify that GIB Automation Pte Ltd is currently contracted to maintain our Building Automation System. They have so far, proven themselves to be reliable and efficient in carrying out their maintenance of our system. Their response to reports of failure is also fast and their service engineers have proven to be very knowledgeable of the Sauter system. We are very satisfied with their level of service and provision of solutions to problems encountered on site.

Their present maintenance contract has just been extended for another year from 1st September 2001 to 31st August 2002.

Yours sincerely
